

# ATV SELLOUT

**\$ FROM 99**

## Gator ATV GBC

Very effective tractor grip tyre ideal for soft and steep conditions. Dimpled lugs overlap the centre line to deliver maximum traction without sacrificing a smooth ride. Superior durability and puncture resistance. Excellent Mud Tyre. Constructed with a natural base that runs cooler and resists tears and snags for longer life. If you need traction then this is the tyre for you. The deep tractor lugs and aggressive tread pattern make this an outstanding performer in soft and steep New Zealand conditions.

**\$ FROM 79<sup>50</sup>**

## DIRT DEVIL

Exceptional traction in mud, soft or hard packed conditions. Great for all seasons with an open design.

6-ply rated carcass for puncture resistance and superior durability. Dirt Devil ramped up the aggressiveness on this new tyre by adding additional tread elements and a more aggressive edge. The DD2 builds on the Dirt Devil's great features but improves on performance with traction spikes added between the tread lugs, which gives the tyre better traction in loose dirt or sandy terrain.

**FROM \$95**

## Ancla ATV

Ancla features an aggressive, sweeping tread design which provides superior traction on all types of terrain.

Deep, widely spaced tread bars shed mud to provide traction

4-PR provides a comfortable ride on hard-pack

Maximum operating pressure should not exceed 4 PSI
